

Pathway School

Technology Teacher/Instructional Assistant

Instructional Assistant: 9 hours/wk

Technology: 3.5 hours/wk

Job Description

The Technology Teacher/Instructional Assistant plays an essential role in student instruction as well as school operation. He/she is responsible for the planning and execution of a complete and comprehensive program covering beginning basics to advanced levels for each class. Additionally, the skill of differentiating their instructional methods in order to meet the varied learning styles of our Pathway students is crucial. As an instructional aid, he/she will teacher assist in other classes such as language arts and math.

Requirements

- Born-again Christian and regular church attendee
- Multiple subject credential, single subject teaching credential, or 3 years experience
- Apple Computer expertise and familiarity with Apple software: Pages, Keynote, iMovie
- Able to manage multiple tasks and “switch gears” quickly
- Able to learn and integrate new material quickly
- Excited about continual growth and development on a organization level as well as individual level
- Experience working with students with learning differences and can balance having high expectations with patience and understanding
- Desire to work collaboratively with a team of teachers, administrators, and instructional assistants

Benefits

- Salary commensurate with experience
- School schedule – holidays off
- Supportive, collaborative work environment centered on honoring God and doing what is best for students
- Ongoing professional development in teaching students with learning differences and brain development
- Opportunity to teach during 5 week summer program

Location – 23802 Avenida de la Carlota, Laguna Hills
